

*The Scandinavian Society of Anaesthesiology
and Intensive Care Medicine*

**Call for applications for
the 8th Nordic Diploma Course in Advanced Pain Medicine 2016-2018**

The Scandinavian Society of Anaesthesiology and Intensive Care Medicine (SSAI) coordinates an Inter-Nordic post-specialist training programme in advanced pain medicine for Nordic doctors.

The programme is limited to 30 trainees. The target group is anaesthesiologists as well as specialists from other pain related specialities. The training period is 1½ - 2 years. During the training period, 5 courses – each lasting 3 days – will be arranged. The courses will circulate among the Nordic countries (Sweden, Finland, Denmark, Norway and Iceland). The courses will be held in English.

During the 2-year-period, clinical training of a minimum of 3 months should be carried out at a university-based multidisciplinary pain clinic, pain centre or a multi-disciplinary department of palliative medicine, approved by the national educational board members.

Furthermore, within the 2 years the trainee must complete a project or a written paper according to further instructions. On completion of the Inter-Nordic training programme, the trainees will receive a Diploma in Advanced Pain Medicine from the SSAI and may use the title NDAPM.

All expenses for the education (the fee for each course is DKK 7,000 (940 EURO)), travel and accommodation must be covered by the applicant's host clinic or by the applicant personally.

The first course will take place in Stockholm, Sweden, November 14-16, 2016.

Further information and application form may be obtained from the website
